# The future Programme: a tool for investing in health(\*)

for spending smarter  
but not necessarily  
more in sustainable  
health systems

for investing in  
people's health,  
particularly through  
health-promotion  
programmes

for investing in health  
coverage as a way of  
reducing inequalities  
and tackling social  
exclusion

- Support **capacity building**, cooperation with neighbouring countries, preparedness planning, non-binding approaches on vaccination, joint procurement
- Health information and knowledge

### 3) Contributing to innovative, efficient and sustainable health systems

- **Health Technology Assessment**
- **Up-take of health innovation and e-health solutions**
- **Health workforce** forecasting and planning (number, scope of practice, skills), mobility/migration of health professionals
- Mechanism for **pooled expertise and good practices** assisting Member States in their health systems reforms
- Health in an ageing society, including European Innovation Partnership on **Active and Healthy Ageing**
- **Legislation** in the field of **medical devices, medicinal products** and **cross-border healthcare**
- **Health information** and knowledge system including **Scientific Committees**

European  
Commission

## 4) Facilitating access to better and safer healthcare for EU citizens

- **European Reference Networks** (on the basis of criteria to be set under Directive 2011/24/EU)
- **Rare diseases** (networks, databases and registries)
- **Patient safety and quality of healthcare** including the prevention and control of **healthcare-associated infections**
- **Antimicrobial resistance**
- **Legislation** in the field of **tissues and cells, blood, organs, medical devices, medicinal products, and patients' rights in cross-border healthcare**
- **Health information** and knowledge system

# The implementation

## ***Annual Work Programmes***

The Commission implements the Programme by establishing annual work programmes on the basis of which calls for proposals and call for tenders are organised every year.

[http://ec.europa.eu/health/programme/policy/index\\_en.htm](http://ec.europa.eu/health/programme/policy/index_en.htm)

## ***Programme Committee Members***

The Commission is assisted by a committee for establishing the annual Work Plans and monitor the Programme implementation.

## ***National Focal Points***

Member states designate National Focal Points for the promotion of the Programme and the dissemination of the Programme results and the identification of impacts generated

The contact details of NFP could be found on the CHAFEA website

## OPERATING GRANTS in AWP 2014

In 2014, support given in priority, **but not exclusively**, to work supporting

the  
dissemination  
of the  
European  
Cancer Code

the secretariat  
of the  
HIV/AIDS Civil  
Society Forum

to activities  
linked to rare  
diseases in  
general

smoking  
prevention

the prevention  
and  
management  
of chronic  
diseases

- all activities within the scope of Annex I of the Programme regulation can be funded by a specific grant awarded under a framework partnership

# Beneficiaries (recipients of funding)

- **Legally established organisations**
- **Public authorities, public (or non-public sector) sector bodies** (research and health institutions, universities and higher education establishments)
- **Non-governmental bodies**
- **International organisations**
- **Private companies** (through public procurement)

**Specific eligibility criteria will be presented by the Chafea**

# Participation of third countries

*The Programme is open on a cost basis, to the participation of third countries, in particular of:*

- (a) **acceding countries, candidate countries and potential candidates** benefiting from a pre-accession strategy, in accordance with the general principles and general terms and conditions for their participation in Union programmes established in the respective Framework Agreements, Association Council Decisions or similar Agreements;
- (b) **EFTA/EEA countries** in accordance with the conditions established in the EEA Agreement;
- (c) **neighbouring countries** and the countries to which the European **Neighbourhood Policy (ENP) applies** in accordance with the conditions laid down by a relevant bilateral or multilateral agreement;
- (d) **other countries** in accordance with the conditions laid down by a **relevant bilateral or multilateral agreement**.

# EU added value: a key concept

- **Implementing EU legislation** and ensuring that the legislation implemented is correct
- **Economies of scale** with the aim of saving money and providing citizens with better service
- **Promotion of best practice in all participating Member States** in order for EU citizens to benefit from the state of the art best practices
- **Benchmarking for decision making** requiring a strong commitment to use results with the aim of facilitating evidence based decision making
- **Focus on cross border threats** in order to reduce risks and mitigate their consequences
- **Free movement of persons** with the aim of ensuring high quality Public Health across Member States
- **Networking as an important tool for disseminating results** to all Member States including non participants

# Monitoring and Evaluation

- **monitor the implementation of the actions** under the Programme in the light of its objectives and indicators, including available information on the amount of climate-related expenditure.
- **report thereon to the Programme committee** and shall keep the **European Parliament and the Council** informed
- **evaluate at mid-term** by end June 2017
- **evaluate ex-post the long-term impact and the sustainability of effects** with a view to feeding into a decision on the possible renewal, modification or suspension of a subsequent programme.
- **make the results of actions publicly available** and **ensure that they are widely disseminated** in order to contribute to improving health in the Union.

# Conclusions

- **Objectives** more focused and tangible (SMART)
- Limited number of **actions** prioritised on **EU added value criteria** (23 thematic priorities – Annex I of Programme Regulation)
- Same type of beneficiaries as in the past two Health Programmes
- Same type of interventions but **attention to the new procedures**
- **Progress indicators** to monitor the objectives and the impact
- Annual Work Plans based on **long-term policy planning**
- **Better dissemination** and communication of results
- **Simplification** of administrative and financial procedures
