Programme's Objectives

- educational, professional and personal development of people
- in education, training, youth and sport
- in Europe and beyond
- contributing to sustainable growth, jobs and social cohesion and to strengthening European identity

European Education Area 2025

- Boosting learning mobility – *"A Europe in which learning, studying and doing research is not limited by borders"*
- Making education and training systems more inclusive, innovative and lifelong-learning driven

What's new

- for VET

- in addition to the budget

Key Action 1 - Mobility of learners and staff

- Increased emphasis on continuing VET
- Continuous support for work based learning mobility (including apprenticeships)

-> *key words : simplification and inclusion (Charter?)*

Transversal components:

- Language learning and support
- virtual cooperation and use of digital tools

Key Action 2 - Cooperation among organisations and institutions

- **Small-scale partnerships** (more inclusive and accessible)
- **Centres of Vocational Excellence**
- **International dimension in VET**

Small Scale Partnerships

- designed to widen access to small-scale actors
- lower grant amounts, shorter duration and simpler requirements
- increased outreach to grassroots organisations and newcomers
- reduced entry barriers for organisations with smaller organisational capacity
- support flexible formats – mixing activities with transnational and national character although with a European dimension

Centres of Vocational Excellence

Trans-national platforms, integrated in local and regional strategies for growth, innovation and competitiveness

- high quality VET curricula + qualifications on sectoral skills needs
- transnational joint VET programmes / qualifications with strong element of work-based learning, digital content, and mobility experience
- drivers of excellence and innovation in VET & promote a proactive role of VET in local economic development and innovation strategies
- create synergies in addressing skills needs, mobility and reforms in VET supporting excellence and innovation

International dimension in VET

- Build strong relations with the rest of the world
- Mobility and cooperation with third countries boosted through a combination of physical, blended and virtual mobility
